

INNSBROOK | *next* *Land use study for tomorrow.*

THE FUTURE AND YOU

We all know about its past, but what could be the future of Innsbrook? How does this vibrant business community continue to attract businesses and generate new job opportunities? What does tomorrow's workforce want in the way of lifestyle opportunities and other amenities? What will it take to make Innsbrook a true place that all of the community can embrace as theirs? How can we work together to achieve our shared vision of a future that will position Innsbrook as a regional and national leader in the creation of a livable community?
