

# Photos: What Will the Innsbrook of the Future Look Like?

By Trevor Dickerson - Published: July 13, 2011

Yesterday we ran a story on the future of Innsbrook, and developer Highwoods Properties' plan to rezone much of the office park's land to be redeveloped as a mixed use center, with multiple uses under one roof. But what would it actually look like? The first photo below is a recent aerial shot of the office park. The second image is an artist's rendering of the same view, redeveloped and revitalized.

Innsbrook Now (looking north from West Broad Street down Cox Road)

Same view of Innsbrook as a redeveloped mixed use development
